

## Anne Swatton

Anne has been involved with Marwell International Wildlife Society since its formation in 1999 and in 2005 became the Deputy Chairman of the group.

Anne is a Wildlife Artist that can adapt to a very varied number of media; oils, watercolours, coloured pencils & graphite to name but a few. She is as well known for her depictions of wildlife and domestic animals as she is for her humorous and extremely popular animal caricatures. Her work is always keenly sought as are requests for commissions, which she is happy to accept.

Recently Anne has also embraced sculpture into her repertoire, which is proving to be as popular as her traditional artwork.

In addition to the Marwell Summer Exhibitions, Anne has had work accepted by the Society of All Artists, the Southern Nature Art Exhibition, the Wildlife Art Society, London exhibitions and has been accepted by jury into the National Exhibition of Wildlife Art in Liverpool.
